Lessons? What lessons?

If no lessons appear on your student's Planner, run the Scheduler or contact the teacher.

No texts? No problem!

Even if course materials haven't arrived, your student can complete lessons online following the lesson links to E-textbooks.

Conquering Overdue Lessons

$$\frac{\text{\# of remaining lessons}}{\text{\# of weeks in semester}} = \text{lessons to complete per week}$$

Options for catching up include:

- ✓ completing extra lessons each day
- ✓ adding an extra school day each week
- ✓ working during school holiday breaks

Your student's teacher may have you skip some lessons. Lessons to be skipped will be marked with a **green "U-turn" arrow icon**.
Contact your teacher to discuss the possibility.
